Gentlemen:

Our letter of June 13th explained in detail our facilities for binding but did not tell you that we maintain a complete department for working up samples and suggestions for all sorts of binding including the superfinish or airbrush process about which we wrote.

Will you not, upon receipt of this letter, drop us a line, letting us know if you would care to be kept on our mailing list for future letters and literature. If you are not interested in binding, we, of course, do not want to take any of your time, but on the other hand, would like to keep our name before you if you are interested.

Awaiting your reply and thanking you, we are

Very truly yours,
